

You are holding what we believe to be one of the most comprehensive British Columbia focused wine lists in existence.

It is an exciting time for the B.C. wine industry. As our vineyards mature, they produce wines that express aspects of their origin more distinctly. Our winemakers have now set the stage and a global audience is recognizing the quality of the wines that are being crafted in this magical corner of the world.

As every new vintage passes, it is becoming clearer that British Columbia wines possess very special attributes. The combination of our unique environmental factors produce grapes with a natural balance of fruit and acidity. And acidity is key to food and wine pairing. Wines with the lively freshness of natural acidity flatter the food they are served with. Our wines are celebrated for their clean, crisp and lively attributes.

Atrevida Restaurant's contemporary West Coast cuisine reflects the place we live. It is only natural that Asian and European influences emerge here. We are fortunate in having local wines, which not only pair well, but also compliment our style of cuisine.

These wine selections reflect the complete scope of the British Columbia environment. From a cool morning Pacific breeze on Vancouver Island to the panoramic mountain corridor of the Fraser Valley, to the arid long summer days of the Okanagan & Similkameen Valleys. Within these micro- and macroclimates, small boutique farms abound with talented and passionate winemakers dedicated to the pursuit of cutting edge, handcrafted, ultra premium B.C. wines.

In the interest of clarity, I have listed the region in which the grapes were grown, rather than the location of the winery.

Please do not hesitate to ask if you have any questions,

Thank you for joining us, and most of all....

ENJOY!
